Ladies Club line up at d'Ouwe Werf

(February 2012, Stellenbosch) d'Ouwe Werf, South Africa's oldest inn and a South African National Monument, is hosting a series of interactive Ladies Club evenings, to celebrate the completion of its recent renovations.

Elanie Fourie, General Manager at d'Ouwe Werf, says they are happy to welcome the Ladies Club after undergoing an extensive renovation and refurbishment. "We have lined up some very interesting and exciting events this year, and guests are encouraged to make their bookings early to avoid disappointment," says Potgieter.

"We're kicking the 2012 Ladies Club calendar off on 29 March with 'Lunch with Kloovenburg'. Ladies attending will enjoy a lovely light lunch and listen to an interesting talk on olive oil, taste some of Kloovenburg's famous olives and have the option to purchase some of Kloovenburg's products."

On 28 June, the Ladies Club will be treated to 'Behind the Lens', a photographic exhibition featuring photos about weddings, landscapes, development projects, sport, journalism and family photos.

In July d'Ouwe Werf's chef will host a Cooking Class to help drive away the winter blues. The chef will present a three-course meal and guests will be divided into three groups, each one preparing one aspect of the meal - starter, mains or dessert.

On 29 August the Ladies Club will host an exciting sex talk by a qualified sexologist. Pamper products will be on display and there will be tapas and an arrival drink for each guest.

Spring is heralded in great style with 'Stellenbosch Fashion', a fashion show featuring the latest garments from Nina J, Fleur Avant, Plum, Polo, Karoo Classic and Address, taking place on 27 September.

Toward the end of November, the Ladies Club plays host to The Gift of Giving night market, featuring products by Kloovenburg, home-baked goodies, books, gift boxes, a kiddies table and much more.

"We invite all women in the area to join the Ladies Club and enjoy all the lovely food, talks, exhibitions and free goodies on offer throughout the year." Potgieter adds, "We are very excited to welcome everyone and show them how this historical building has been beautifully transformed – yet still retained its former glory!"
